

In this case the admin didn't had authorization to send letters using the univ. letterhead, so, a screenshot will have to do.

Thank you!  Caixa de entrada x

Hi Paulo,

The heart felt email I sent to thank you is the best I can do for you. I asked, but I'm not authorized to send letters using University of Michigan letterhead. I do appreciate your responsible vulnerability disclosures. Thanks again and keep up the good work.
